SUBJECT INDEX TO VOLUME XIX

(E.) = Editorial. (B.B.) = Bookshelf Browsing. (Bi.B.) = Biographical Brevities. (C.) = Correspondence.

Acidotic treatment of neoplasia, theoretical basis for, 307
Adiposis dolorosa, 485
Agenesis of gall bladder associated with pancreatitis, 263
Alcohol injection for prolapse of rectum, 297
Amputation stump pain, diagnostic novocaine block followed by sympathectomy for relief of, 55
Anesthesia (E.), 149
  spinal, resumé of, 534
  surgeon and, in goiter surgery, 342
Anesthesias administered in hospitals of the State of New Jersey, 59
  critical review of, 67
Anesthetic, new local, diothane, 250
Ankle fractures, 230
Antivirus, use of, in genitourinary infection, 511
Apparatus, transfusion, 554
Appendicitis, acute, differential diagnosis between, and influenzal myalgia, 296
Appendicitis in pregnancy, 437
  Schilling differential blood count in, 275
Appendix, vermiform, primary carcinoma of, 118
Asphyxia, response of physician to problem of (E.), 352
Atlas, simple rotary luxation of, 104
Awards, American Association for Study of Goiter (E.), 354

Bacterial filtrates (antivirus), in genitourinary infection, 511
Bacteriophagy, phenomenon of, 292
Bar, sclerosis or, clinical course of bladder neck obstructions attributed to, 215
Bartholin cyst excision, technique of, following paraffin injection, 509
Beaumont, William (Bi.B.), 561
Biographical Brevities:
  George McClellan, 355
  Valentine Mott, 151
  William Beaumont, 561
Bladder neck obstructions attributed to sclerosis or bar, clinical course of, 215
Bladder, urinary, dermoid cyst of ovary perforating into, with profuse hematuria, 502
  foreign body (chewing gum) in, 528
Blood count, Schilling differential, in appendicitis, 275
Blood pressure, thymophysin in first stage of labor, with some observations on its effect on, 429
Bone and joint disease, supportive treatment of, 106
Bone tumors, 236
Book Reviews:
  Advance of medicine (Moynihan), 361
  Art of anaesthesia (Flagg), 577
  Children's tonsils in or out (Kaiser), 160
  Colon, rectum and anus (Rankin, Bargen, Buie), 160
  Compendio de tecnica radiologica, radiodiagnostico y radioterapia (Strauss and Mueller), 159

  Rheumatoid arthritis and its treatment (Coates and Delicati), 362
  Roentgenliteratur (Gocht), 361
  Synopsis of surgical anatomy (McGregor), 361
  Year book of radiology, 1932 (Waters and Kaplan), 578
Books Received, 578
Bookshelf Browsing:
  Ulrich von Hutten, 152, 357, 562
Bowel, duplication of, 120
Bowlegs or knock-knees, celluloid correction leggings for, 148
Bradford frame, an efficient means of securing rest, 95
Breast, radical amputation of, restoration of function of hand and arm following, 494

Calcium, reasons for relief of pain in cancer by, 301
Carcinoma, primary, of vermiform appendix, 118
Cellulitis, pelvic, suprapubic cystotomy and prevention of, 505
Chemicals vs. scalpel (E.), 559
Chewing gum in urinary bladder, 528
Chordoma of third lumbar vertebra, 137
Clinical course of bladder neck obstructions attributed to sclerosis or bar, 215
Clinical observations in use of ultraviolet irradiated petrolatum, 244
Congenital polycystic kydney, case of, 338
Correspondence: Use of word "drug," 560
Cripple, often a needless liability, 549
Cyst(s), Bartholin, technique of excision of, following paraffin injection, 509
  dermoid, of ovary, perforating into urinary bladder, with profuse hematuria, 502
  and fistulae, use of sclerosing solutions in treatment of, 411
  solitary, of kidney, 140
Cystotomy, suprapubic, and prevention of pelvic cellulitis, 505

Dermoid cyst of ovary perforating into urinary bladder with profuse hematuria, 502
Diagnosis, differential, between acute appendicitis and influenzal myalgia, 296
  pulmonary, with use of iodized oils, 254
Diagnostic novocaine block followed by sympathectomy for relief of amputation stump pain, 55

Diaphragmatic hernia, 112
Diothane, a new local anesthetic, 250
Dislocation of patella, old traumatic, 101
Diverticulitis and diverticulosis, 143
Diverticulum, epiphrenal, of esophagus, 259
Drainage, closed method of, in empyema, use of large caliber tubes in, 252
internal, 80
"Drug," use of word (C.), 560
Duodenal tumors, 268
Duodenum, removal of open safety pin from, 453
Duplication of bowel, 120
of gall bladder, 124

Eck fistula, experimental, with instrument, 347
Editorials:
Anesthesia, 149
Chemicals vs. scalpel, 559
Response of physician to problem of asphyxia, 352
Southern Surgical Association and American Journal of Surgery, 558
Empyema, use of large caliber tubes in closed method of drainage in, 252
Endocrine factors related to genital development, 72
Esophagus, epiphrenal diverticulum of, 259

Fascia, ox (dead), graft, 542
Fibroma of kidney, 528
Filtrates, bacterial (antivirus), in genitourinary infection, 511
Fistula(e), cysts and, use of sclerosing solutions in treatment of, 411
experimental Eck, with instrument, 347
vesicovaginal, adherent to right pubic ramus, 29
Foreign body (chewing gum) in urinary bladder, 528
Fractures of ankle, 230
Frame, Bradford, an efficient means of securing rest, 95

Gall bladder, agenesis of, associated with pancreatitis, 263
duplication of, 124
Gallstone intestinal obstruction, 456, 458
Genital development, endocrine factors related to, 72
Genitalia of white mice, studies on effect of splenectomy on, 126
Genitourinary infection, use of bacterial filtrates (antivirus) in, 511
Gluteus maximus muscle, transplantation of, 313
Goiter surgery, surgeon and anesthesia in, 342
Graft, ox fascia (dead fascia), 542

Hand and arm, restoration of function of, following radical amputation of breast, 494
Hernia, diaphragmatic, 112
Hoffa's disease and external cartilage injury in same knee, 545
Horseshoe kidney, 335
Hospital and physician's records, medicolegal importance of, 497
von Hutten, Ulrich (B.B.), 152, 356, 562
Hydronephrosis, infected, with bacteriemia, multiple lung complications and fecal fistula, report of recovery of case following nephrectomy for, 321
perirenal, 523

Ileus, pathological physiology of, as basis for treatment, 283
postoperative, advanced treatment in, 272
Infections, acute and chronic pyogenic, larval or maggot therapy in, 36
Influenzal myalgia, differential diagnosis between acute appendicitis and, 296
Injection, alcohol, for prolapse of rectum, 297
Injury, external cartilage, and Hoffa's disease in same knee, 545
Instrument, experimental Eck fistula with, 347
Intestinal obstruction, acute, 161, 363, 569
gallstone, 456, 458
Intestinal rotation, incomplete, 474
Intragastric polypus, 115
Intraurethral resection, types of vesical neck obstruction suited to—advantages of treatment by the rotary prostatic resectoscope, 1
Iodized oils, pulmonary diagnosis with use of, 254

Joint and bone disease, supportive treatment of, 106

Kidney, benign and malignant tumors of, associated with renal tuberculosis, 329
congenital polycystic, case of, 338
fibroma of, 531
horseshoe, 335
solitary cyst of, 140
Knee, Hoffa's disease and external cartilage injury in same, 545
Knock-knees or bowlegs, celluloid correction leggings for, 148

Labor, thymophysin in first stage of, with some observations on its effect on blood pressure, 429
Larval or maggot therapy in treatment of acute and chronic pyogenic infections, 36
Leggings, celluloid correction, for bowlegs or knock-knees, 148
Liver, recent advances in knowledge of pathology of, and their clinical application, 462
Luxation of atlas, simple rotary, 104

McClellan, George (Bi.B.), 355
Maggot or larval therapy in treatment of acute and chronic pyogenic infections, 36
Malignant prostate and associated obstructive manifestations, consideration of, 209
Medicolegal importance of physician's and hospital records, 497
Metabolism of spermatozoa in semen, 76
Mice, white, studies on effect of splenectomy on genitalia of, 126
Microphone, practical application of, in teaching of surgery, 491
Mott, Valentine (Bi.B.), 151
Muscle, gluteus maximus, transplantation of, 313
Myalgia, influenzal, differential diagnosis between acute appendicitis and, 296
Myosarcoma of stomach, 442

Neoplasia, acidotic treatment of, theoretical basis for, 307
Nephrectomy for infected hydronephrosis with bacteriemia, multiple lung complications and fecal fistula, report of recovery of case following, 321
New Jersey, State of, anesthesias administered in hospitals of, 59
critical review of, 67
Novocaine block, diagnostic, followed by sympathectomy for relief of amputation stump pain, 55

Obstruction, acute intestinal, 161, 363, 569
intestinal, gallstone, 456, 458
Oils, iodized, pulmonary diagnosis with use of, 254
Onychogryposis and subungual osteoma, complete and permanent removal of toe nail in, 92

Osteoma, subungual, complete and permanent removal of toe nail in onychogryposis and, 92
Ovary, dermoid cyst of, perforating into urinary bladder, with profuse hematuria, 502
Ox fascia (dead fascia) graft, 542

Pain, in cancer, reasons for relief of, by calcium, 301
surgical method for relief of, 489
Pancreatitis, agenesis of gall bladder associated with, 263
Paraffin injection, technique of Bartholin cyst excision following, 509
Patella, old traumatic dislocation of, 101
Pathological physiology of ileus as a basis for treatment, 283
Pathology of liver, recent advances in knowledge of, and their clinical application, 462
Pelvimetry, 435
Perirenal hydronephrosis, 523
Petrolatum, ultraviolet irradiated, clinical observations in use of, 244
Phenomenon of bacteriophagy, 292
Physician, response of, to problem of asphyxia (E.), 352
Physiology, pathological, of ileus, as basis for treatment, 283
Pneumothorax, selective therapeutic, in acute pulmonary suppuration, 49
Polypus, intragastric, 115
Postoperative ileus, advanced treatment in, 272
Prefibrosis at vesical neck, 19
Pregnancy, appendicitis in, 437
spontaneous rupture of uterus in, 315
Prolapse of rectum, alcohol injection for, 297
Prostate, malignant, and associated obstructive manifestations, a consideration of, 209
Prostatic resectoscope, rotary, advantages of treatment by—types of vesical neck obstruction suited to intraurethral resection, 1
Prostatism, problems in, 515
Pulmonary diagnosis with use of iodized oils, 254
Pulmonary suppuration, acute, selective therapeutic pneumothorax in, 49

Records, physician's and hospital, medicolegal importance of, 497
Rectum, prolapse of, alcohol injection for, 297
Response of physician to problem of asphyxia (E), 352
Rest, Bradford frame, an efficient means of securing, 95
Rotation, intestinal, incomplete, 474
Rupture, spontaneous, of uterus in pregnancy, 315

Safety pin, open, removal of, from duodenum, 453
Schilling differential blood count in appendicitis, 275
Sclerosing solutions, use of, in treatment of cysts and fistulae, 411
Sclerosis of bar, clinical course of bladder neck obstructions attributed to, 215
Semen, metabolism of spermatozoa in, 76
Southern Surgical Association and The American Journal of Surgery (E.), 558
Spermatozoa, metabolism of, in semen, 76
Spinal anesthesia, résumé of, 534
Splenectomy, studies on effect of, on genitalia of white mice, 126
Splint, improvised cock-up, 553
Stomach, anatomical, clinically normal, and pathological, 446
myosarcoma of, 442
Supportive treatment of bone and joint disease, 106
Surgeon and anesthesia in goiter surgery, 342
Surgical method for relief of pain, 489
Sympathectomy for relief of amputation stump pain, following diagnostic novocaine block, 55

Teaching of surgery, microphone in, 491
Thromboangiitis obliterans, 419
Thymophysin in first stage of labor with some observations on its effect on blood pressure, 429
Thyroid, tuberculosis of, 128
Toe nail, complete and permanent removal of, in onychogryposis and subungual osteoma, 92
Transfusion apparatus, 554
Transplantation of gluteus maximus muscle, 313
Traumatic dislocation of patella, old, 101
Treatment, advanced, in postoperative ileus, 272
of neoplasia, acidotic, theoretical basis for, 307
pathological physiology of ileus as basis for, 283
Tuberculosis of thyroid, 128
renal, benign and malignant tumors of kidney associated with, 329
Tubes, large caliber, use of, in closed method of drainage in empyema, 252
Tumors, benign and malignant, of kidney, associated with renal tuberculosis, 329
of bone, 236
of duodenum, 268

Ultraviolet irradiated petrolatum, clinical observations in use of, 244
Uterus, spontaneous rupture of, in pregnancy, 315

Vertebra, third lumbar, chordoma of, 137
Vesical neck obstruction, types of, suited to intraurethral resection—advantages of treatment by rotary prostatic resectoscope, 1
prefibrosis at, 19
Vesicovaginal fistula adherent to right pubic ramus, 29
